

N. Y. ZITHER CLUB

# Second Grand Concert & Dance

---

SATURDAY EVENING, OCT. 2nd, 1943  
at 8:30 p. m.

TURN HALL  
1253 Lexington Ave., cor. 85th St., New York City

GREETINGS.

The Zither is a peculiar musical instrument. It requires many years of study and practice, it is the instrument of the idealist and the dreamer, as even a master of the zither will not get his due proper recognition and real pecuniary rewards for his artistry in zither playing.

However the tone of the zither appeals to some worth while people as no other instrument will and our NEW YORK ZITHER CLUB was founded and organized to revive and keep alive your interest in our beloved instrument. Our first Concert was a wonderful success and we hope that this second concert will also be appreciated as one of the rare occasions when zither music at its best may be heard.

We want to thank you all for your attendance and we also appreciate the help and support of our good friends who advertise on the following pages of this program and we extend a standing invitation to all Zither- and Guitar Players with some ability to JOIN US as ACTIVE MEMBERS. Even accomplished musicians will find satisfaction, a new impetus and all possible encouragement and opportunities in our club. There is no Zither- or Guitar-player TOO GOOD for our Club!

All lovers of our instruments are welcome as passive members at all times and may apply for membership at any of our meetings and rehearsals.

Cordially and musically yours THE COMMITTEE.
